Enter session ID: Derco
Is your Primary role Teaching or Research?

A. Teaching
B. Research
Which LMS are you familiar with?

A. Instructure Canvas
B. Blackboard Learn
C. Brightspace D2L
D. Other
Canvas is:

- the official LMS at UTK
- referred to as **Online@UT**
- used in ~ 75% of all course sections
- integrated with our Banner SIS
- synced daily by 9:15 am with student enrollments

- Course shells are created each semester for every course section in the Timetable of Classes. Primary Instructor of Record is automatically assigned to each course section.

- [online.utk.edu](http://online.utk.edu) or [utk.instructure.com](http://utk.instructure.com)
- One click away in the MyUTK Portal [myutk.utk.edu](http://myutk.utk.edu)
How Does It All Work?

- NO ACTION REQUIRED: for Course site creation, assignment of Primary Instructor of Record, and student enrollment.
- ALL COURSE SITES: are created "Unpublished." Faculty are required to “Publish” their course sites at the beginning of each semester.
- TWO MONTHS PRIOR TO SEMESTER: Course sites are created and remain available until two weeks after grades are due for the term. Then, sites become “read only” and serve as a true archive of the class.

Course Content
Course Assessment

• Quizzes/Tests
• Assignments/Group Assignments
• Akindi
• Anonymous Grading
• Peer Review Grading
• Scoring Rubrics
• Roll Call Attendance
• Gradebook
Academic Integrity

• Unicheck- Plagiarism Prevention and Detection

• Respondus Lockdown Browser
Course Communication

- Email
- Announcements
- Discussion Boards
- Wiki Collaboration Pages (Course, Groups)- Similar to Blogs
- Student “To Do” List
- Course Calendar
Additional Tools

- Clickers (Turning Technologies)
  - Enterprise Licensing
- Canvas ePortfolios
- Canvas Analytics and Outcomes
Arc is:

- an interactive audio/video platform from the makers of Canvas
- a **private** audio/video channel for your class

You Can Create:
- Your own video materials
- Video assignments
- Screencasts (and eliminate the need for expensive software)

You Can Import:
- Any mp4 file (YouTube, Vimeo, etc.)

- Arc also provides automatic closed captioning and transcription for all videos
- Get started at: oit.utk.edu/arc
Zoom is:

• the official videoconferencing system at UTK
• referred to as LiveOnline@UT
• available to all faculty with unlimited number of meetings with no duration restrictions

• Simply create your Basic account and request an upgrade via an OIT HelpDesk ticket.
• Get started at: oit.utk.edu/zoom-getting-started
Mobile Apps - No Cost

1. Canvas Student
2. Canvas Teacher
3. ZOOM Cloud Meetings
   Zoom
